Pricing and services: Francesca's pricing varies based on what exactly you need done and how many are in your party. She is pretty good about answering text messages, but allow a day or two for emails (my wife has used her services twice so don't read this as something you should be concerned about).

My Opinion:

Francesca provided hair & makeup services for my wife on our wedding day and again on our 1st anniversary when we did a photo tour. She did hair & makeup for my wife and four bridesmaids, and hair for two additional. She brought an assistant due to the number of people involved. My wife also had her do a trial run the night before for our rehearsal dinner. I obviously had little involvement but from my wife's reviews, Francesca was great for her and all the bridesmaids, very calm, very easy to work with, very attentive to detail. She was glad she did the trial run because we had our professional photographer shoot the rehearsal dinner and based on how those pics came out, my wife did have some adjustments to the makeup made. See the [makeup trials](#) article for more on that.

Anyway, for what we felt was a very reasonable fee, Francesca was on-site on wedding day for about seven hours, her and her assistant got everyone ready well before the deadline and then stayed with my wife in the waiting area of our venue to do any last minute touchups needed after the journey from the suite to the venue.

You can't go wrong with her services.
