

# Official Vegas Knotties List

Getting married in Vegas? Well of course; best wedding location EEEEEVAR!

You love the Vegas forum on the Knot? Hell yeah you do.

We'll add yourself to this list of people just like you! It is the current official Vegas Knotties list for 2012 and on; great thanks goes to Pebbs for maintaining it for years:

The categories in the [Vegas Knotties section](#) of this site have more detailed information provided by those users who wanted to publish things that wouldn't easily fit in the spreadsheet. The list may not work for some users if you're trying to access it from work and your employer blocks Google Docs.
